C	Intermediate level
C++	Intermediate level
Web Development	Intermediate level
Data Science	Beginner
Cloud Computing	Beginner
Data Structure	Beginner

PROJECTS

Project Name: Placement Management System

Role: Front End Developer   **Team Size:** 4   **Project Duration:** 2 Month

Project Detail It is a web development project. At the time of addmission, students don't know which college is better in terms of placement. This website will help the students to provide the information about the placement of the college. Those students who want to take addmission in their dream college are in charge of keeping track of the student's profile, records and documents. The information must be gathered by the students before taking the addmission.

Project Name: Portfolio Website

Project Duration: 15 Day

Project Detail It is a web development project.

Project Name: TIC - TAC - TOE

Project Duration: 1 Month

Project Detail This is a web based project. Tic-tac-toe, noughts and crosses is a paper and pencil game for two players who take turns marking the space in a three-by-three grid with X or O. The player who succeeds in placing three of their marks in a horizontal, vertical, or diagonal row is the winner.

Project Name: Calculator

Project Duration: 10 Day

Project Detail	It is a web based project. It is used for calculating mathematical operations.
